France's Juin Joins Fight to Defeat NATO

PARIS (UP) — Marshal Alphonse Juin, stripped of all his French defense posts last week, resigned today as NATO commander of all central European land sea and air forces. He said he would join Gen. Charles DeGaulle in an all-out fight against the European army plan.

PARIS (UP) — Marshal Alphonse Juin, served notice on the government today he will resign as the top French officer in the North Atlantic Treaty armies to join Gen. Charles DeGaulle in a fight against the European army project.

Jun was stripped of all his French defense posts when he ignored an order of Premier Joseph Laniel to appear before him and explain a speech in which Juin publicly denounced the European army plan. To army plan would place 500,000 retrained Germans in the uniform of a common European defense force.

Jun "declared war" on the controversial defense scheme, which is the backbone of American plans for defending Europe, in a surprise visit to Laniel's office today.

The interview was arranged at Juin's request. They talked for half an hour.

Laniel was kicked yesterday by an angry extremist among a mob who used the firing of Juin as an excuse for a demonstration at the Elysee, where the premier and Defense Minister Rene Pleven were taking part in ceremonies honoring the dead of the Indochinese war.

Reds Ready 6500 Planes in Far East

By EARNEST HOBERECHT
TOKYO (UP) (A) — Gen. E. E. Partridge, new U. S. Far East Air Force commander said today the Communists have an estimated 6,500 planes in the Far East for any showdown battle that might occur.

The Communists planes scattered in Russia, China and Korea, compared with "around 2,400" planes of all types in the Far East Air Force — transports as well as fighters, he said.

Partridge said planes under his command are on a 24-hour alert to "intercept any aggressive movement" and that American combat crews are kept in combat readiness.

In an exclusive statement to United Press in response to written questions, America's top airman in Asia also indicated the United States soon will give planes to the Japanese so they can help in their own defense.

But the 53-year-old general declined to reply to questions which touched on the "new look" in American military policy and on the tactics of "hot pursuit" in even if intruders appear in the air over Japan or Korea.

Partridge took over a command. Arent he was deputy chief of March 28. Before returning to the United States he was deputy chief of staff for operations. At the beginning of the Korean war in 1950 he was commanding general of the Fifth Air Force which saw action against the Communists.

He declined to say whether FEAF planes would go up to intercept invading enemy aircraft before the Japanese government is officially notified or whether FEAF planes would pursue enemy aircraft only to the territorial limits of Japan or chase them back to their home bases.

Partridge indicated Japan would receive American planes under the terms of the mutual security agreement. While he did not say they would be the latest jets, it was presumed such planes eventually would be made available to the Japanese after a period of training.

Arkansan Cited for Bravery

QUONSET POINT, R. I. (A) — David P. Peters of Alma, Ark., one of seven heroes of an explosion and fire aboard the aircraft carrier Leyte, was cited for bravery Saturday.

The explosion rocked the carrier while it was in port at Boston last October 16. Thirty-seven men were killed.

Capt. Thomas A. Ahronson, Leyte skipper, presented citations to five of the seven men who voluntarily entered the dangerous areas.

Two others got letters of commendation.

T. G. Martin, 90, Spring Hill Man, Succumbs

Tom G. Martin, aged, 90, lifelong resident of Hempstead County, died early Monday at the home of a daughter, Mrs. Lloyd Jones of Patmos. He was a resident of Spring Hill.

He is also survived by three sisters, Mrs. Howell Foster of Prescott, Mrs. Nancy Hinton of Ashdown and Mrs. Julia McGren of Oklahoma City.

Funeral services will be held at Spring Baptist Church at 3 p. m. Tuesday. Burial will be at Spring Hill.

Reds Close to Aggression Dulles Says

By PAUL SOUTHWICK

WASHINGTON (UP) — Secretary of State John Foster Dulles said today Chinese Communists are "coming awfully close" to aggression in Indochina which might call for retaliation against the Chinese mainland.

Dulles did not specify for members of Congress what nation or nations might carry the war to the Chinese mainland. But earlier he said the Communist threat in Southeast Asia must be met "by a unity of will and, if need be, unity of action."

Dulles told the House Foreign Affairs committee that the Chinese Communists are supplying technicians and equipment to the Viet Minh Communists in Indochina and are firing anti-aircraft guns at French planes seeking to protect and bring supplies to beleaguered Dien Bien Phu.

Dulles' remarks were made in response to questions after he formally presented the administration's request for a \$3,510,000,000 foreign aid program.

Rep. Albert P. Moraho (R-Conn.) asked Dulles:

"If the Chinese Communists are firing guns in Indochina doesn't that mean 'active participation' that you are reported to have said will bring retaliation on the Chinese mainland?"

Refugee Scientist Is Awarded

By FRANK CAREY
AP Science Reporter

CHICAGO — A major American scientific honor has been awarded a scientist who fled here in 1947 from Hungary to do research that might be "no damn good at all."

He is Dr. Albert Szent-Gyorgi, 60, who late yesterday was presented the Albert Lasker Award of the American Heart Association, including a \$1,000 prize for "distinguished achievement" in the field of research concerned with heart and blood-vessel diseases.

Specifically, he was honored for pioneering studies leading to a better understanding of the action of muscles — a contribution which the AHA declared had provided new clues to the mechanism of heart failure and "removed... many barriers to the study of normal and diseased hearts."

The gentle, friendly, gray-haired researcher had won the Nobel Prize in medicine in 1937 for his isolation of vitamin C.

And he had won other honors for other achievements.

But, all that was behind him when he came to this country in 1947 from Hungary to continue work on muscle research that had been interrupted by World War II.

World Has 1000 Languages or Dialects — No Wonder Its Hard to Understand Other Fellow

By HAL BOYLE

NEWYORK (A) — It may be old stuff to you, but nobody ever told me before that...

In this one world of ours there are still more than 1,000 separate languages or dialects. So no wonder it's hard to tell what the other fellow is trying to say.

The number of blind people in the United States has risen from 225,000 in 1948 to more than 308,000. And two-thirds of them are elderly.

A lady named Mrs. Rita Schable, in the General Electric plant at Schenectady, turns out mirrors so tiny it takes half a dozen to cover the head of a pin. They are used in scientific laboratory work. Guess what her hobby is? Fine sewing.

Fighting Flares Anew as French Hold Rebels

By LARRY ALLEN

HANOI, Indochina (A) — The French high command announced today the defenders of Dien Bien Phu had killed "more than 1,000" Vietminh troops trying a new to smash their way into the heart of the besieged fortress through its northwest corner.

Heavy fighting raged in that sector of the plain as the Communist-led rebels battled to widen the gap against a strong French Union counterattack supported by tanks, artillery and war planes.

The high command said the defenders plugged every breach made by the Vietminh in the northwestern defenses and the rebels left their dead dangling in the barbed wire barricades.

Thousands of the wildly screaming rebels drove into French positions in the northwest sector shortly after midnight.

After tank and artillery fire French Union infantry clashed in bitter hand-to-hand fighting with the Vietminh. Within two hours the counterattack had closed the breach and had driven the Vietminh back.

Every message that reached the French command in Hanoi from the fortress commander, Col. Christian de Castries, recounted that his men's morale was "sky high" and that hopes of an eventual victory were mounting.

French squadrons roared over the masses of rebel troops throughout the night and early today, plastering them with 1,000-pound bombs and fresh barrages of fire.

Faubus Will Not Run for Governor

LITTLE ROCK (A) — Orval Faubus, postmaster of Huntsville, Ark., says he will not run for governor because of "an unusual combination of forces" blocking his chances as a candidate.

Describing this unidentified combination as "illogical," Faubus told a Saturday press conference that he had been urged to run in the Democratic primaries against Gov. Francis Cherry's second term bid adding:

"If sufficiently financed I might have made an affirmative decision."

Meanwhile, State Sen. Guy Jones of Conway told the Associated Press in a telephone conversation that he is considering making the race and that he would make a definite announcement within the next 10 days.

The surprise removal of Faubus leaves Cherry only one definite opponent so far — Gus McMillan, a Sheridan real estate dealer.

Faubus, who held three top political jobs during the administration of former Gov. Sid McMath, said in a statement that Cherry's administration was "the most unpopular first term administration within my memory."

Eight Narcotic Dealers Seized

WASHINGTON (UP) — Narcotics Commissioner Harry J. Anslinger announced today the eight Chinese heroin dealers were arrested by federal agents in San Francisco last night.

He said six pounds of heroin, which came from Communist China, were picked up during the arrests or purchased by agents as evidence against the group. The heroin was valued at "millions of dollars."

The Court ruled that Mr. and Mrs. W. E. Fullenwider can't close a road through their property in Columbia County on the ground that Mrs. Helen Kitchens had gained legal access to the road through long and previously unchallenged use of it.

The decision affirmed Columbia Chancery Court.

The Supreme Court refused to disturb a ruling of Lonoke Probate Court, which awarded custody of three-year-old Aleta Ann Gordon to her maternal grandmother, Mrs. Aileen Johnston of Griffithville.

Mrs. Lorene G. McClain of Fort Smith, Aleta's paternal aunt, also had claimed custody.

The child's parents were killed in an automobile accident in October, 1951.

In an opinion written by Special Associate Justice J. S. Daily of Fort Smith, the court upheld Stone Circuit Court in awarding to J.A. Riggs Tractor Co., of Little Rock, judgment of \$1,018.71 plus six percent interest from July 11, 1952.

The litigation grew out of a dispute between Riggs and Cloud Oak Flooring Co., over ownership of a tractor.

Court Ruling Favorable to Bell Company

By LEON HATCH

LITTLE ROCK (A) — The Arkansas Supreme Court today ruled that Southwestern Bell Telephone Co. did not discriminate against Germaine Bateman when it refused to install a telephone in her Paragould home without a \$25 deposit.

A \$2,935 judgment, which a Greene Circuit Court jury awarded to Mrs. Bateman against the telephone company, was set aside.

The judgment represented the legal penalty for discrimination covering a period of 587 days between Sept. 8, 1949, and April 19, 1951.

In its opinion the Supreme Court said that Southwestern Bell refused to accept the customary \$5 deposit and insisted on \$25 because Mrs. Bateman's husband owed a balance on a previous telephone.

Although Mrs. Bateman didn't owe the balance personally, the couple was living together at the time. The Court said the company was entitled to take into consideration that her husband undoubtedly would have use of the telephone.

The opinion said that the company had not refused to give service and added that several other subscribers in Paragould had been required to post deposits as high as \$50 before obtaining telephones.

Associate Justices Ed McFaddin and Minor Millwee dissented from the majority opinion written by Associate Justice J. S. Holt.

Several cases involving ownership or use of land also were decided by the court.

The Court held that the Dierks Lumber & Coal Co., is owner of 19.95-acres in Sevier County against the conflicting claim of Mike E. Carroll and others. The decision reversed a ruling of Sevier Chancery Court.

Mississippi Chancery Court was affirmed in holding that 27 M. Seeman and others were owners of a Blytheville lot to which W. T. Ingram and others also claimed ownership.

The Court ruled that Mr. and Mrs. W. E. Fullenwider can't close a road through their property in Columbia County on the ground that Mrs. Helen Kitchens had gained legal access to the road through long and previously unchallenged use of it.

The decision affirmed Columbia Chancery Court.

The Supreme Court refused to disturb a ruling of Lonoke Probate Court, which awarded custody of three-year-old Aleta Ann Gordon to her maternal grandmother, Mrs. Aileen Johnston of Griffithville.

Mrs. Lorene G. McClain of Fort Smith, Aleta's paternal aunt, also had claimed custody.

The child's parents were killed in an automobile accident in October, 1951.

In an opinion written by Special Associate Justice J. S. Daily of Fort Smith, the court upheld Stone Circuit Court in awarding to J.A. Riggs Tractor Co., of Little Rock, judgment of \$1,018.71 plus six percent interest from July 11, 1952.

The litigation grew out of a dispute between Riggs and Cloud Oak Flooring Co., over ownership of a tractor.

Associate Justice Ward dissented and Associate Justice George Rose Smith did not participate in the decision.

Customarily, the Supreme Court requests special justices, which are appointed by the governor, only in cases in which there is an even division in the court.

In the present instance, no such division was reflected in the opinion.

Circuit Court Jury Called Thursday

The following persons are members of the April Circuit Court Jury which is scheduled to report Thursday, April 8:

Big Three Not to Recognize East Germany

BERLIN (UP) — The United States, Britain, France and West Germany agreed today to refuse diplomatic recognition to Soviet Russia's new East German satellite state.

The decision was made at a one-house meeting attended by the three Western high commissioners and West German Chancellor Konrad Adenauer.

The three high commissioners also told Adenauer that despite Moscow's granting of purported "sovereignty" to East Germany 10 days ago, the Western Allies were not yet ready to give full independence to the Bonn republic.

They repeated the view that restoration of full sovereignty to West Germany will have to wait until the European army treaty is ratified.

German hopes that it might be granted sooner if the French continued to delay ratification of the army plan were raised by a recent speech by U.S. High Commissioner James B. Conant.

But the British and French objected. They insisted that full sovereignty must wait until the European Defense Community goes into effect.

The East German Communists sought meanwhile to eliminate even token opposition to their control over the Soviet zone government.

Man Sentenced in Hempstead Circuit Court

Circuit Judge Lyle Brown in Hempstead Circuit Court sentenced Jerry Reed to serve one year in the Arkansas penitentiary for failure to support a minor child in this county.

Judge Brown had previously given Reed an opportunity to support this child and he had failed to comply with the orders of the court.

Judge Brown also entered judgment against D. R. Funderburg and Maude L. Funderburg for \$250.00 and costs as the bondsmen of D. R. Funderburg, who was charged with abandonment of 4 minor sons in this county and who having been returned to this county by the sheriff and Deputy Prosecuting Attorney "jumped" his bond. An alias warrant was ordered issued and his new bond set at \$500.00.

The Circuit Judge declared again from the bench that the statutes pertaining to failure to support minor children would be fairly but strictly enforced by the court.

Cases are expected to be set as the April term of court got under way in Hope this morning with actual trials to start Thursday when the court meets.

Probers Delay Showdown on Attorney Sears

By HERBERT FOSTER

WASHINGTON (UP) — The Senate investigating Subcommittee today postponed until tomorrow a showdown on whether Samuel P. Sears should serve as counsel for the McCarthy-Army hearings despite pro-McCarthy statements he made in 1952.

Temporary chairman Karl E. Mundt (R-S.D.) met today with Sen. John L. McClellan (Ark. senior subcommittee Democrat), and announced the meeting was put off until 7:30 a. m. EST tomorrow.

Mundt said the meeting was postponed at the request of Sen. Everett M. Dirksen (Ill.) who is visiting his daughter in Tennessee and could not return in time for a session today.

Mundt said Sears attended about three minutes of today's meeting and was told that the subcommittee "wanted to discuss developments that had taken place since we last saw him" Thursday morning.

That was when Sears was hired after saying he had never taken a stand on McCarthy or McCarthyism. A few hours later Boston newspaper files yielded stories indicating he had praised the Wisconsin Republican.

Mundt said Sears replied that he "very much wanted to talk with the subcommittee."

Mundt said the group "will surely have an announcement after tomorrow's meeting." Presumably this would concern whether Sears would remain as counsel.

"We are going to move as rapidly as possible," Mundt said.

Reporters asked whether Sears would function today as subcommittee counsel in setting up a staff and establishing rules of procedure. Mundt said Sears first asked to meet with Dirksen, who heads a three-man subcommittee on rules. With Dirksen absent, he said, there was nothing for Sears to do today.

Nation Pays Tribute to Vandenberg

WASHINGTON (A) — There was a grave in Arlington National Cemetery today for Gen. Hoyt S. Vandenberg, and tribute from a nation for the man who came to symbolize atomic age air power.

President Eisenhower arranged to go to Washington Cathedral, where the body of the former chief of staff of the United States Air Force had lain in state since Saturday, for funeral services there.

The President recalled the tall, youthful-looking general as the "gallant commander" of the tactical Air Force which fought the European campaign under Eisenhower's overall command, and as the "unswerving advocate" of the Air Force cause.

At Least 5 Persons Hurt in Accidents

Five Negroes were hurt in automobile accidents yesterday, and at least one is in very critical condition.

About 10:45 Sunday night a hail-ton truck driven by Gus Andrews, 45, hit a bridge on Highway 67, near Wafer's Crossing and four persons were badly injured.

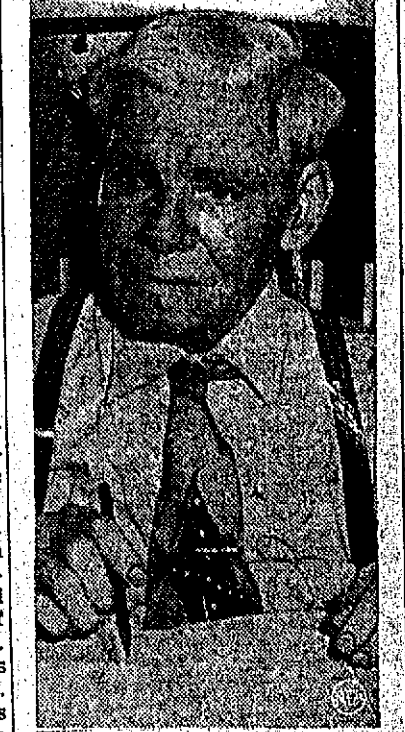

Andrews suffered painful head and knee lacerations. Robert Hickman, 29, also of Emmet, sustained a double compound fracture of the ankle and lacerations; Leroy Williams, Jr., 27, Emmet, lacerations and mineola Brown, 40, Hope, severe head lacerations, broken left arm, condition very critical.

Investigating State Officer Guy Downing said the four were riding in the cab of the truck which was demolished.

About 10:30 a. m. Sunday on the Nubbin Hill road of Nevada County a car driven by Jessie Hendrix, 24, Prescott Negro, went out of control and rolled and skidded 40 feet according to Investigating Officer Guy Downing. Hendrix was badly skinned and bruised but not critically. He was charged with reckless driving.

In Hope over the weekend two accidents were investigated. Vehicles driven by Mrs. P. H. Webb and M. T. McClellan collided downtown on Second Street with minor damage to both. A charge of failure to yield the right of way was filed against McClellan.

James West, Negro, was charged with driving while intoxicated after hitting a tree with his auto on Sixth and Hervey Streets Saturday. Three passengers in the car were shaken up and bruised but not badly hurt. City officers said they were listed as Helen Perkins, Beverly Jones, and Joe Johnson.

Commons Told World Lucky U. S. Has Bombs

By WILBUR LANDREY

LONDON (UP) — Prime Minister Winston Churchill declared today in a vigorous speech in the House of Commons that American hydrogen bombs "increased the chance of peace more than the chance of war."

Churchill said Britain would ask the United States to make a series of H-bomb tests in the Pacific.

"We would rather have carried out these tests than let us be told that..."

"Let us all thank God for us that..."

Churchill addressed Commons in response to a debate during a full discussion of the implications of the hydrogen bomb test spoke after former Laborist Minister Clement Attlee had made a motion calling for a date for tests on the island of Christmas.

Churchill, President of the House of Commons, said that the United States had supplied him with information on the Pacific.

By MERRIMAN SMITH
WASHINGTON (UP) — When legislative leaders today President Eisenhower "clearly" tonight the which Americans and the have on the H-bomb and problems.

Mr. Eisenhower gave a 30-minute talk at 10:30 p. m. to GOP leaders at the weekly White House meeting.

Senate GOP Leader William Knowland said the speech certainly clarified a lot of which may have been in minds at home and abroad.

Knowland said the legislative leaders also got a preview speech to be given Friday by Attorney General Brownell Jr. on governing for to combat the Communist menace.

Knowland said Brownell's report on government, the past and the present suggests legislation to give the government's hands in the Red problem.

Rep. Charles McNair (Ind.) said Mr. Eisenhower was way tonight to atomic age speech aimed at making what the chief executive's "hysteria" and Americans and their allies.

But the chief executive so touch on the vast implications of city-killing bombs and the grave Communist threat in Indochina and all southeast Asia.

Houffield (D-Calif.) said of the Senate House Atomic energy committee said the President will take the opportunity to make recommendations looking toward national discussion of atomic management.

route lay to the memorial entrance of Arlington. At the cemetery, the Air Force had provided for highest honors for the general, patterned to a service so new and different that old military custom no longer fitted.

For the dead airman, there was no caparisoned and riderless horse. Instead, the Air Force called for a flight of jet warplanes to pass above the cemetery gorge, if weather permitted. The first of the formation, a "V" of six B47 medium bombers, was ordered to fly with the second plane position on the right left empty, denoting the loss of a comrade. The formation plan provided for a flight of 32 jet fighters to follow the bombers.

Roosevelt and Dondon Lose Party Favor

By EDMOND LE BRETON

WASHINGTON — Chairman Stephen A. Mitchell has suggested the national Democratic party would best be served if two California candidates — James Roosevelt and Rep. Robert L. Condon — get out of the congressional race. Roosevelt, who has denied charges of adultery, said early today: "I am not going to withdraw from the race."

Condon who protested being described as a security risk, said in a statement he strongly resents Mitchell's view.

The national chairman wrote Paul Ziffren of Los Angeles, California Democrat national committeeman, that the party is not

supporting either Condon or Roosevelt, eldest son of the late President Franklin D. Roosevelt.

After Mitchell's letter to Ziffren was made available last night to a reporter here, Mitchell said in Chicago he has written it but would not release it. He said that while "there was no canvass of all the members of the Democratic National committee," the letter represented "my own opinions as to what the national committee's action would be."

"Innocence of guilt should not be the burden of the Democratic party," Mitchell wrote. He said the two men had the right to seek election to Congress and the voters the right to elect them, but that the national committee also has the right to decide how to use funds available for helping candidates "and in these cases we will exercise our right to withhold support."

Ziffren said in Los Angeles he would ask the California State Central Committee to meet this

week to consider Mitchell's action. Mitchell in his letter emphasized he was not expressing an opinion of the charges against either candidate, but indicated he objected to the idea that "our primary may be used for personal vindication."

Roosevelt's wife Romelle is suing him for separate maintenance. She charged him with adultery in three instances and introduced in the court proceedings a letter in which he admitted adultery with nine women. He has repudiated the letter, saying he signed it to keep a family dispute secret at a critical time during the war when he was going overseas.

An English firm is offering fine hairbrushes at \$650 each, guaranteed to last a lifetime — yours or hers. It isn't the satinwood backing or 22-carat gold screws that make such a brush so costly. It's the bristles. They come from wild boars in the Siberian tundra and

the boars must be at least 10 years old. As Siberians get hungry and eat more boars before they even are big enough to run very fast, the bristles are so scarce that—well, why not buy your wife a pocket comb anyway?

It is estimated an American family with a \$200 a month income spends about \$1,000 a year for food. Back in 1900 housewives baked 85 per cent of the nation's bread, now they bake only 5 per cent. But don't fear at mother how can she bake bread when she's busy repairing the vacuum cleaner?

A resort owner estimates that 1 of every 20 girls vacationing in the Catskills will meet and fall in love with a man she will eventually marry. But couldn't a girl do better than that by taking a cruise on a Navy submarine?

For some reason, the biggest sales of retail jewelry are made

in the fall of the year. Now wouldn't you have guessed June? The average house in America is 29 years old, proving that the ordinary home really does outwear the mortgage on it.

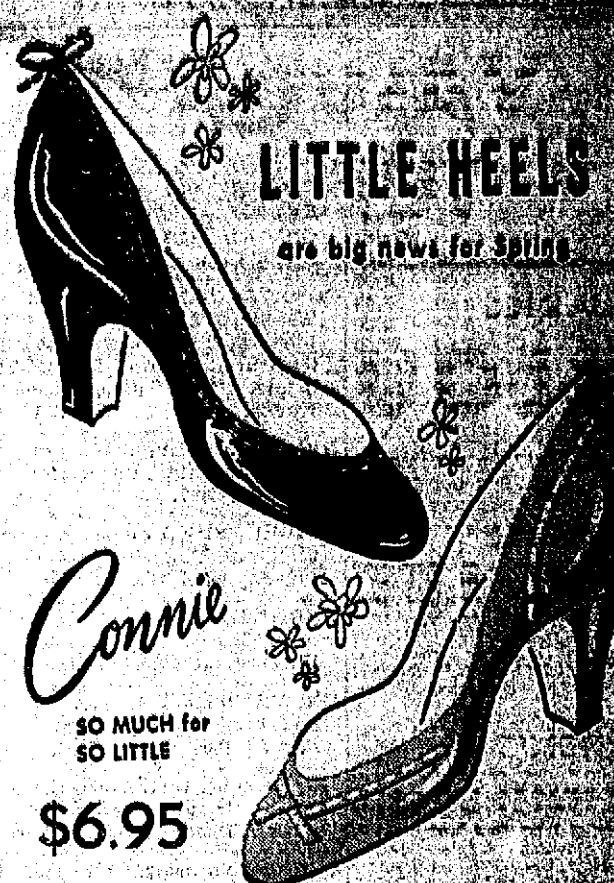

The first modern high class hotel in America was the Tremont House in Boston, opened in 1829. It was the first to have a lobby—and the first to have clerks who did not also have to act as bartenders. The old Everett Hotel here was the first to put in electric lights, back in 1882. But no hotel will claim the honor of being the first to originate the idea of charging \$10 for a \$2 room.

A recent survey showed the American woman now takes twice as long to do her shopping as she did in 1940. And that's life for you — the more money a man makes the longer he has to stand around waiting for his wife to get rid of it.
